

What is the foundation, the starting point, for human flourishing?

A personal relationship with Him.
The Holy Spirit

Is this all that is needed?

Continued spiritual growth

Now, is that the end?

Continued growth in godly character, including all forms of relationship and conduct (the Tree of Virtues vs the Tree of Vices).

Develop virtues through daily habits until they become second nature, and are part of one's godly character.

The Virtues and Character Development Project

Our Mission

To provide support, guidance, and resources to parents and organizations that enable the development of Christ-like character.

Our Goal

To produce resources that will enable parents to guide their students in the development of habits that lead to Christ-like character.

Our Purpose

To provide an avenue for individuals to grow into the person God created them to be.

Why Virtues?

When one looks at the culture around us, it is quite evident that something is amiss. At the root of this is a lack of character. What can be done to address the problem?

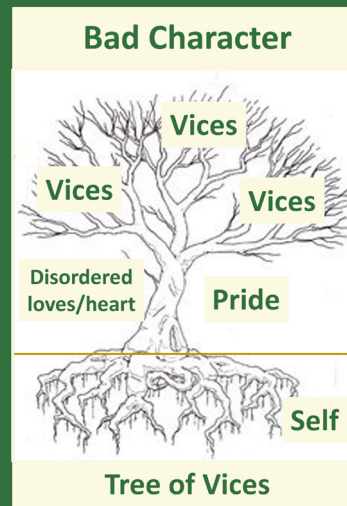

It is important to recognize that everyone has character.

So, what is necessary for the development of virtues that lead to godly character?

The Holy Spirit will work in the lives of people to produce virtues that lead to godly character.

Virtue is needed for each person to become someone with godly character.
